I Would Bet My Life For You

Hi Guys I know I've been gone for awhile and you can kill me later especially since I haven't finished what if yet (oops). So yay a song fic is delivered. Song that goes to this is I bet my life. by imagine dragons

Walking down the path Hiccup ruffled his hair and sighed glumly. His dragon, Toothless, saw this action and nuzzled his rider/friend.

"I don't know what to do bud I keep letting Astrid down. I keep going a different direction where she goes... maybe she'll be better off with out me"

The Night Fury Cooed at Hiccup's words. Then looking at the cabin they were in front of.

"She's up bud, she's waiting for me. I cant let her do this to herself"

Knocking on the door silently Hiccup held his breath and waited for a answer. Finally the blond shield maiden opened the door.

"Finally you got back. You've been playing all day haven't you?" She teased

"Astrid... I'm going to leave"

"for how long a couple of days?"

"More like, forever"

Astrid's eyes started to tear up when hearing this come out of his mouth.

"Y-Y-You cant! Please H-Hiccup stay!"

"I'm sorry Astrid this is for your own good"

Hiccup sat down on Toothless and clicked into the steering pedal and flew off thinking he would never return

_ 5 years later_

Astrid was beating Hiccup's chest and cursing at him. Hiccup looked down at the Viking beating his armor down and grabbed her hands.

"I never thought I would come back I never wanted to come back because of what I've done to you"

"You Lied you said you'd never come back"

"But not im going to tell you a truth" Leaning down he whispered in her ear "There's you in everything I do"

"Astrid do you remember when I told you I was going to leave and you broke down in to tears?"

"yeah"

"did I give you hell through all the years?"

"...yeah... you did"

Looking down hiccup sighed as his eyes started to tear up at the thought

"Astrid I'm sorry"

"Hiccup do-"

"Astrid don't tell me that I'm wrong. look I walked the road before and I left you on your own, believe them when they say that it was left for yesterday. Please forgive me for all I've done Astrid"

A loud smack was emitted when Astrid's hand contacted Hiccup. Hiccup looked up sadly.

"suppose I deserved that"

"Your an idiot Hiccup I already forgave you"

"I would bet my life for you A-"

Astrid pulled hiccup in closer and pressed a kiss on to his mouth. pulling away she muttered

"You talk to much"

**Im working on writing what if but I have major writers block because of all the different ideas I have if what if is not updated

by 12/25/15 ill have someone take over/adopt it**
